

MEET HERCULES T. PENDAFLEX

## Put the **NEW** SureHook™ Hanging Folder to Work for You!

I'm the strongest,  
smartest, most innovative  
hanging folder in the business!

(And I love to work nights  
and weekends.)

If your office could use a hard worker that never buckles under pressure, always stays on track and won't quit, you've got to hire Hercules T. Pendaflex! Hercules is proud to be a Pendaflex® SureHook™ Reinforced Hanging Folder. That's because he's the strongest, most ground-breaking hanging folder ever created by Pendaflex® – the industry leader.

Introducing SureHook™ Technology with revolutionary built-in tension springs

- Rods bend less
- Folders stay on rails and slide with ease
- Rods and hooks are stronger and sturdier
- Folders work with existing systems

No matter how hard you make him work, Hercules T. Pendaflex will always hang in there. After all, Tenacious is his middle name. That's why he's the perfect fit for your office!
